# PROGRAMME

# 1. INTRODUCTION

Dear attendee of the Young Green Forum,

You are about to enter one of the most amazing spaceship experiences in the universe of the Federation - the Young Green Forum. It has many secret miracles, hidden forces, special effects and happy people.

You will find more information on the programme and how to join the event below.

## Short introduction of FYEG

FYEG is the European umbrella organisation for young Green organisations from all over the continent, from Azerbaijan to Ireland and from Cyprus to Norway. Our 36 member organisations are youth wings of Green parties and Green youth organisations. In addition, we are also the independent, official youth wing of the European Green Party (EGP).

The basis of the activities of FYEG is our political work on European level, in the European political space. This is not limited to lobbying inside the European Parliament, although EU institutions are an important part of that work. FYEG is also involved on the streets, running campaigns together with its Member Organisations (MOs) and movements. At the same time, it is lifting topics and relevant questions from the local organisations, supporting them and spreading them throughout the network.

# 2. PROGRAMME

Since this year's Young Green Forum is taking place online, participants and observers from Member Organisations are taking part remotely. The programme will be facilitated online using Zoom.

The Young Green Forum discusses sensitive and strategic information for the young Green movement. It is therefore important that you do not share the link to the online event with others that are not delegates for the event.

If you know someone having technical difficulties joining the Forum, please contact [office@fyeg.org](mailto:office@fyeg.org) and we will try to solve the issue.

This is a draft programme and is subject to change. The final programme and the Zoom link will be shared with participants before the Forum takes place.

Please note that all the times listed in the programme are in Central European Time (CET) or Brussels time.

### 3. AWARENESS PEOPLE

FYEG is dedicated to providing a safe space for everyone as part of the international young Green movement. Due to the international nature of the movement, systemic challenges exist and it can appear in the form of discrimination, harassment and abuse. In addition to FYEG's sexual harassment protocol that is followed at all of its events, The Executive Committee has designated an Awareness Group for anyone presenting allegations of physical, verbal or online sexual harassment.

The Awareness Team has the purpose of supporting people in case they suffer any form of discrimination or felt uncomfortable during their interactions within any FYEG structure, whether at conferences or during virtual engagement. It opposes to all forms of boundary violations, intimidation, humiliation, violence and discrimination through sexist, racist, confrontational, homophobic or transphobic acts and attitudes, not tolerating and acting against them.

If there is anything that you would like to address with the Awareness Team, you can contact them and we will address the issue to the best of our ability, if needed, in conjunction with other FYEG bodies (Executive Committee, Office, Advisory Committee).
